

# IMPACT REPORT

AUSTIN  
diaper bank

# 2025

Changing Diapers, Changing Lives.

## DEAR VALUED PARTNERS, DONORS, AND COMMUNITY MEMBERS,

2025 was a year of challenges for non-profits, but also of resilience across Central Texas. The temporary pause in SNAP benefits in November showed how fragile family budgets can be. SNAP does not cover diapers, and when parents faced the impossible choice between buying food and keeping their babies clean and healthy, the Austin Diaper Bank stepped in.

The year also brought unexpected flooding throughout Central Texas. Thanks to partners like Texas Children's and other volunteers, we organized essential supplies, including diapers, to assist families affected by the disaster.

One shining day this year was our annual Bash gala, which featured its first live auction and raised vital funds to support families across the region. We also celebrated a new partnership with Austin Community College to provide diapers to parent students through campus food pantries, easing the stress of balancing school and family.

None of this would be possible without the dedication of our staff, volunteers, partners, and board members. Their care ensures that every parent in our community can count on the Austin Diaper Bank, even in difficult times.

As we reflect on 2025, we are proud of what we have achieved together. This report is a testament to the power of community. Thank you for standing with us—because when we support parents and babies today, we strengthen the future of Central Texas.

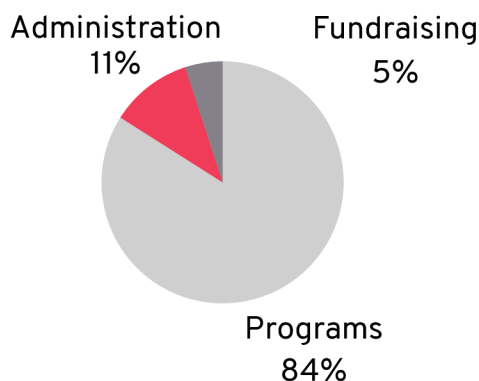

With gratitude,  
Nichole Ringer  
Board Chair, 2025

**DIAPERS, WIPES,  
AND PERIOD  
PRODUCTS ARE  
TAX-FREE IN  
TEXAS SINCE  
2023!**

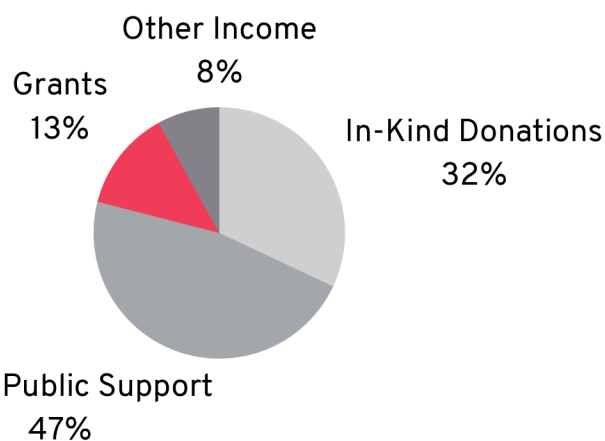

## 2025 By The Numbers

The Austin Diaper Bank is committed to careful financial stewardship, making sure every dollar donated goes as far as possible for parents and babies in Central Texas. By buying diapers in bulk straight from manufacturers, we stretch our resources to provide **nearly 2 million diapers each year**, helping parents keep their babies clean, dry, and healthy. Your support fuels this vital work and creates a real, tangible impact in our community.

The **Bright Spot** program provides essential support for individuals experiencing period poverty across Central Texas. With 2 in 5 people struggling to purchase period products and 1 in 5 students missing school each month due to a lack of access, the need is urgent. Bright Spot works to close this gap by ensuring everyone has the products they need to fully participate in daily life, no matter the time of the month.

In 2025, the program partnered with Del Valle ISD and Bastrop ISD to reach students in more rural communities, helping ensure they have the supplies they need to stay in class and thrive. Through these school partnerships and other community distributions, the Austin Diaper Bank is creating brighter futures across Central Texas.

Volunteer Manager

## WHY DIAPERS?

***BECAUSE EVERY CHILD DESERVES TO BE  
HEALTHY AND HAPPY.***

Many parents struggle to afford diapers, and federal programs like SNAP and WIC do not cover them, even though a steady supply is essential for a baby's health and a parent's peace of mind. When parents have the diapers they need, babies stay healthier, and families are better able to thrive.

**You can help by donating money, diapers, wipes, or period products, hosting a diaper drive, or volunteering. Every action supports parents in our community and helps babies get a healthy start.**
